A dog harness is ideal if your dog is likely to pull and is excellent for training purposes! These harnesses have been specifically made to make putting on your dog as quick and easy as possible. Simply slip over the head and clip up around the ribs.

We strongly recommend measuring your dog beforehand to make sure you order the correct size.

How to fit your dog's bandana

Our dog bandanas do not have any buckles or fasteners. They are easy to fit and adjustable.

Simply tie the bandana around your dog's neck to fit.

If you find that the size you have ordered is a little too large, the top edge of the bandana can be folded before tying to get a better fit.
